Introduction

What is the UPWP?

The Flint Hills Metropolitan Planning Organization (FHMPO) Unified Planning Work Program (UPWP) identifies and budgets for the regional transportation planning projects that the FHMPO and its planning partners will undertake during the calendar year. The sources of funding for carrying out the planning activities come from the Consolidated Planning Grant (CPG), which is comprised of Planning (PL) funds from the Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) Section 5303 funds, FTA Section 5307 funds, and local contributions. The CPG is administered by the Kansas Department of Transportation (KDOT) and allocated to the FHMPO each year based on a formula. The CPG funds require a non-federal match.

This UPWP was developed in cooperation with the Kansas Department of Transportation (KDOT), the Flint Hills Area Transportation Agency (FHATA), the Flint Hills Regional Transportation Administration (FHRTA), the Federal Highway Administration (FHWA), and the Federal Transit Administration (FTA).

What is the FHMPO transportation planning process?

The metropolitan transportation planning process provides a forum for informed decision making to improve and enhance a safe, efficient, and dependable regional transportation system. This decision-making process is cooperative, comprehensive, and continuous. It requires extensive coordination and cooperation with jurisdictional partners, local, state, and federal agencies, other stakeholders, and the public to identify common issues, concerns, and priorities for the regional transportation system.

What is the FHMPO's role in the transportation planning process?

The FHMPO is the designated Metropolitan Planning Organization (MPO) for the Manhattan Urbanized Area. The FHMPO region includes six cities (Manhattan, Junction City, Wamego, Ogden, St. George, and Grandview Plaza), portions of three counties (Riley, Pottawatomie, and Geary Counties), as well as the southern portion of Fort Riley Military Base.
