# Introduction

## What is the UPWP?

The Flint Hills Metropolitan Planning Organization (MPO) Unified Planning Work Program (UPWP) identifies and budgets for the regional transportation planning projects that the MPO and its planning partners will undertake during the calendar year. The sources of funding for carrying out the planning activities come from the Consolidated Planning Grant (CPG), which is comprised of Planning (PL) funds from the Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) Section 5303 funds, FTA Section 5307 funds, and local contributions. The CPG is administered by the Kansas Department of Transportation (KDOT) and allocated to the MPO each year based on a formula. The CPG funds require a non-federal match which is provided by the Cities of Manhattan, Junction City, and Wamego and the Counties of Riley, Geary, and Pottawatomie.

This UPWP was developed in cooperation with the Kansas Department of Transportation (KDOT), the Flint Hills Area Transportation Agency (FHATA), the Federal Highway Administration (FHWA), and the Federal Transit Administration (FTA).

In December 2021, FHWA and FTA jointly issued updated Planning Emphasis Areas (PEAs). The following page lists the PEAs and the projects in the MPO UPWP connected to each PEA. The projects in the UPWP have been developed in consideration/compliance with PEAs. Detailed information on PEAs can be found in this [link](#).

The 2024 Planning Emphasis Areas are:

- Tackling the Climate Crisis – Transition to a Clean Energy, Resilient Future
- Equity and Justice40 in Transportation Planning
- Complete Streets
- Public Involvement
- Strategic Highway Networks and US Department of Defense Coordination
- Federal Land Management Agency (FLMA) Coordination
- Planning and Environmental Linkages
- Data in Transportation Planning

## What is the MPO transportation planning process?

The metropolitan transportation planning process provides a forum for informed decision-making to improve and enhance a safe, efficient, and dependable regional transportation system. This decision-making process is cooperative, comprehensive, and continuous. It requires extensive coordination and cooperation with jurisdictional partners, local, state, and federal agencies, other stakeholders, and the public to identify common issues, concerns, and priorities for the regional transportation system.

## What is the MPO's role in the transportation planning process?

The Flint Hills Metropolitan Planning Organization (MPO) is the designated Metropolitan Planning Organization (MPO) for the Manhattan, Kansas Urbanized Area. The MPO serves a much larger area than just the City of Manhattan; consisting of six cities (the Cities of Manhattan, Junction City, Wamego, Ogden, St. George, and Grandview Plaza), portions of three counties (Riley, Pottawatomie, and Geary Counties), and the southern portion of Fort Riley Military Base.

The MPO is comprised of a Technical Advisory Committee (TAC) and a Policy Board. The TAC is a staff-level committee, which provides technical support and recommendations to the MPO Policy Board. The Policy Board is the decision-making body comprised mainly of local elected officials and a representative from KDOT.

The MPO operates on an annual calendar beginning on January 1. Many projects and products found in the UPWP are assigned to specific quarters of the year.
